

Specialized Services for Children and Youth invites you to join us for **Breakfast at SSCY**, our monthly learning series!

Topic: Gaining Movement and Independence through Conductive Education for Children with Neurological Motor Disorders

The Movement Centre of Manitoba is committed to improving the physical health of children with neurological motor disabilities such as cerebral palsy, stroke, and spina bifida. Through the teachings of Conductive Education Rehabilitation, we strive to maximize the independence of our clients. We provide movement and learning opportunities with appropriate motivations and expectations, in order to overcome the challenges faced by the physically impaired population.

In this presentation you will learn about:

- What Conductive Education Rehabilitation is
- What skills clients work on during Conductive Education Rehabilitation sessions
- How Conductive Education Rehabilitation methods can be applied to everyday life
- Why Conductive Education Rehabilitation methods are effective for our client base

Presented by: Chris Martin, QCS, The Movement Centre of Manitoba

When: 8:00 – 9:00 am, Tuesday, June 12, 2018

Where: Northern Lights Room, 2nd floor of SSCY Centre, 1155 Notre Dame Ave

Parking: The SSCY Centre parking lot has paid visitor parking, and street parking may be available

Webinar: The session is available as a webinar; visit our website to register and watch live or to watch the recording: <http://sscy.ca/about-sscy/breakfast-at-sscy/>

No sessions in July or August; we will return on Tuesday, September 11!

Everyone is welcome to attend, and there is no need to register to watch in person.

Please contact the SSCY Centre Research Coordinator for more information:
Jessie at jshea@rccinc.ca or (204) 258-6717.
