Dear Parents,

We are once again pleased to offer a series of community-based events during the school year! Community-based programming offers a variety of positive outcomes including: confidence building, community exposure/independence, and ultimately an expanded array of recreational opportunities.

We are offering 6 events this year, all of which are listed below. Please rank the events 1-6, based on which ones you would prefer to attend (1 being most interested and 6 being least interested). If you do not wish to attend an event at all, do not place a ranking. Once the registration deadline has passed, we will offer each participant a certain number of events, while considering their indicated preferences.

Staff is provided by the LIFE program, at a ratio of 1 staff to 3 participants. If your preference is 1:1 support, a respite worker can attend as well.

Please note that we will be referring to information already on file – we ask that you notify us of any changes in medications, food restrictions, or emergency contact information.

You can mail, fax, or drop off the registration form to:
